**Subject:** RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Kinsella,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling  
Administrative Assistant

Subject: I oppose Duke's latest rate hike for dirty energy

Apr 20, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke must stop investing in dirty, outmoded energy sources such as coal and nuclear, and invest in the more effective, renewable technologies its executives claim to support. North Carolina must become more energy efficient. Developing local wind & solar sources can employ thousands of Carolinians. Our state has established itself as a potential leader in this important new industry, and we need to build on that opportunity.

Sincerely,

Bill Kinsella

Apr 20, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Daniel Ater

**Subject:** Please deny Duke's request to increase my rates without moving towards renewables

Apr 20, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

Duke Energy continually claims to be in support of renewable energies, but we have yet to see any significant action on their part in this direction. I oppose any rate hike whose funds are not being used to wean our energy needs off of dirty, nonrenewable sources.

Sincerely,

Samuel Leeman-Munk
